

Horizont Europa - Arbeitsprogramm 2021-2022

Cluster 6 - Lebensmittel, Bioökonomie, natürliche Ressourcen, Landwirtschaft und Umwelt

Topics mit internationaler Kooperation in Cluster 6

Das Cluster 6-Arbeitsprogramm für die Jahre 2021-2022 wird sich darauf fokussieren, ökologische, soziale und wirtschaftliche Ziele zu verbessern und auszubalancieren und menschliche wirtschaftliche Aktivitäten auf einen Pfad der Nachhaltigkeit zu bringen. Dabei spielen der Europäische Green Deal sowie die UN Sustainable Development Goals (SDGs) eine wichtige Rolle.

Eine der Maßnahmen, die die Europäische Kommission zur Bewältigung allgemeiner und themenspezifischer Probleme in diesem Arbeitsprogramm umsetzt, konzentriert sich auf die Verstärkung der internationalen Zusammenarbeit sowohl bei Ausschreibungen als auch bei Themen mit einer starken internationalen Dimension.

Die Themen mit dem besonderen Schwerpunkt der internationalen Zusammenarbeit (ohne Partnerschaften, Missionen) sind in der folgenden Tabelle hervorgehoben. Details entnehmen Sie bitte dem u.g. online Informationsquellen bzw. den direkten Topicverlinkungen in der Topic-ID (bitte beachten: im Arbeitsprogramm Cl. 6 (PDF) gibt es zwar unter Destination 2 „Fair, healthy and environmentally-friendly food systems from primary production to consumption“ ab S. 220 eine Auflistung „Targeted International Cooperation“ mit 6 Topics, allerdings geht die Topicanzahl in Dest. 2 bzgl. internationaler Zusammenarbeit weit über diese hinaus – s.u. Tabelle).

Call - Biodiversity and ecosystem services (Destination 1)			
Topic	Internationale Kooperation (Kontext)	Instrument	Frist
HORIZON-CL6-2021-BIODIV-01-01 : European participation in global biodiversity genomics endeavours aimed at identifying all biodiversity on Earth	International cooperation with strategic third country partners is strongly encouraged, for example with Canada . "Eligibility conditions" as in General Annex B - exceptions: International organisations with headquarters in a Member State or Associated Country are exceptionally eligible for funding given the global dimension of this topic.	RIA	06. Okt. 2021
HORIZON-CL6-2021-BIODIV-01-03 : Understanding and valuing coastal and marine biodiversity and ecosystems services	To achieve the expected outcomes, international cooperation is strongly encouraged.	RIA	06. Okt. 2021
HORIZON-CL6-2021-BIODIV-01-04 : Assess and predict integrated impacts of cumulative direct and indirect stressors on coastal and marine biodiversity, ecosystems and their services	In order to achieve the expected outcomes, international cooperation is strongly encouraged.	RIA	06. Okt. 2021
HORIZON-CL6-2021-BIODIV-01-10 : Demonstration of measures and management for coastal and marine ecosystems restoration and resilience in simplified socio-ecological systems.	In order to achieve the expected outcomes, international cooperation is strongly encouraged.	IA	06. Okt. 2021
HORIZON-CL6-2021-BIODIV-01-11 : What else is out there? Exploring the connection between biodiversity, ecosystems services, pandemics and epidemic risk	International cooperation with non-EU countries where new pathogens have emerged is strongly encouraged.	RIA	06. Okt. 2021
HORIZON-CL6-2021-BIODIV-01-12 : Improved science based maritime spatial planning and identification of marine protected areas	In order to achieve the expected outcomes, international cooperation is strongly encouraged.	RIA	06. Okt. 2021

<p>HORIZON-CL6-2021-BIODIV-01-15: Quantify impacts of the trade in raw and processed biomass on ecosystems, for offering new leverage points for biodiversity conservation, along supply chains, to reduce leakage effects</p>	<p>With the focus on quantifying impacts of trade of raw and processed biomass on ecosystems, projects are encouraged to engage in international cooperation (in particular with African countries, Brazil, Latin American and Caribbean countries or the Mediterranean region) to find new leverage points for biodiversity conservation along supply chains and to reduce leakage effects for the EU and associated countries.</p> <p><u>“Eligibility conditions” as in General Annex B - exceptions:</u> Due to the scope of this topic, legal entities established in all member states of the African Union are exceptionally eligible for Union funding.</p>	RIA	06. Okt. 2021
<p>HORIZON-CL6-2021-BIODIV-01-18: Understanding the impacts of and the opportunities offered by digital transformation, new emerging technologies and social innovation on biodiversity</p>	<p>With the focus on the impacts and opportunities of digital transformation, new emerging technologies and social innovation on biodiversity for the EU and associated countries, projects are strongly encouraged to engage in international cooperation, in particular with African countries, Brazil, Latin American and Caribbean countries or the Mediterranean region, in order to understand differences between the EU/AC and other world regions.</p> <p><u>“Eligibility conditions” as in General Annex B - exceptions:</u> Due to the scope of this topic, legal entities established in all member states of the African Union are exceptionally eligible for Union funding.</p>	RIA	06. Okt. 2021
<p>HORIZON-CL6-2021-BIODIV-01-20: Support to processes triggered by IPBES and IPCC</p>	<p>It also helps European researchers play their role in IPBES assessments, in particular those from southern, central and eastern European countries, and those from the Western Balkans, Central Asia, and from Africa^[2], who remain underrepresented, due to a lack of capacity to participate in meetings, networking or science input at global level.</p> <p>^[2] Europe and Central Asia from one region for IPBES purposes; cooperation with Africa is a priority for the policy agenda of the European Union.</p> <p><u>“Eligibility conditions” as in General Annex B - exceptions:</u> Due to the scope of this topic, legal entities established in all member states of the African Union are exceptionally eligible for Union funding.</p>	CSA	06. Okt. 2021
<p>HORIZON-CL6-2022-BIODIV-01-01: Observing and mapping biodiversity and ecosystems, with particular focus on coastal and marine ecosystems</p>	<p>In order to achieve the expected outcomes, international cooperation is strongly encouraged.</p>	RIA	15. Feb. 2022
<p>HORIZON-CL6-2022-BIODIV-01-05: Intercropping – understanding and using the benefits of complexity in farming and value chains</p>	<p>International co-operation is strongly encouraged in particular with countries where intercropping is more widely applied, yet would benefit from further optimisation.</p>	RIA	15. Feb. 2022

HORIZON-CL6-2022-BIODIV-01-08 : Assessing the nexus of extraction, production, consumption, trade and behaviour patterns and of climate change action on biodiversity in the context of transformative change	With focus on assessing the nexus of extraction, production (including processing), consumption, trade and behaviour patterns, including transformative changes for climate change on biodiversity for the EU and Associated Countries, international cooperation in particular with African countries, Brazil, Latin American and Caribbean countries or the Mediterranean region is strongly encouraged. "Eligibility conditions" as in General Annex B - exceptions: Due to the scope of this topic, legal entities established in all member states of the African Union are exceptionally eligible for Union funding.	RIA	15. Feb. 2022
HORIZON-CL6-2022-BIODIV-01-10 : Cooperation with the Convention on Biological Diversity	(Note: Africa & International cooperation are only tagged under "Cross-cutting Priorities" at the bottom of the topic description, but not listed therein → see F&T Portal, link in Topic-ID in left column.)	CSA	15. Feb. 2022
HORIZON-CL6-2022-BIODIV-02-02-two-stage : Boosting breeding for a sustainable, resilient and competitive European legume sector	In order to achieve the expected outcomes, international cooperation is strongly encouraged.	IA	15. Feb. 2022 (1) 01. Sep. 2022 (2)
Call - Fair, healthy and environmentally-friendly food systems from primary production to consumption (Destination 2)			
Topic	Internationale Kooperation (Kontext)	Instrument	Frist
HORIZON-CL6-2021-FARM2FORK-01-04 : Tackling outbreaks of plant pests	International cooperation with countries affected or threatened by the same pest(s) is strongly encouraged.	RIA	06. Okt. 2021
HORIZON-CL6-2021-FARM2FORK-01-06 : Vaccines and diagnostics for priority animal diseases	International research cooperation with institutions outside the EU is welcome insofar as it brings clear added knowledge, value and expertise to the project and maximises the impact.	IA	06. Okt. 2021
HORIZON-CL6-2021-FARM2FORK-01-07 : Research & innovation roadmap for blockchain technologies in the agri-food sector	International cooperation is strongly encouraged. "Eligibility conditions" as in General Annex B - exceptions: Legal entities established in non-associated third countries may exceptionally participate in this Coordination and support action.	CSA	06. Okt. 2021
HORIZON-CL6-2021-FARM2FORK-01-10 : Sea to fork transparency and consumer engagement	International co-operation with partners from non-associated third countries is strongly encouraged as a win-win scenario, while contributing to the European competitiveness and resilience.	IA	06. Okt. 2021
HORIZON-CL6-2021-FARM2FORK-01-12 : Filling knowledge gaps on the nutritional, safety, allergenicity and environmental assessment of alternative proteins and dietary shift	Proposals should also promote international cooperation.	RIA	06. Okt. 2021

<p>HORIZON-CL6-2021-FARM2FORK-01-14: Microbes for healthy and sustainable food and diets</p>	<p>International cooperation (such as the International Bioeconomy Forum) is highly recommended.</p> <p><u>“Eligibility conditions” as in General Annex B - exceptions:</u> International organisations with headquarters in a Member State or associated country are exceptionally eligible for funding.</p>	<p>RIA</p>	<p>06. Okt. 2021</p>
<p>HORIZON-CL6-2021-FARM2FORK-01-18: One Health approach for Food Nutrition Security and Sustainable Agriculture (FNSSA)</p>	<p>The EU’s relationship with Africa is a key priority for the EU.</p> <p><u>“Eligibility conditions” as in General Annex B - additional eligibility criteria apply:</u> Due to the specific challenge of this topic, in addition to the minimum number of participants set out in the General Annexes, consortia must include at least five independent legal entities established in Africa. The places of establishment of at least four of these legal entities must be in the same geographical region of Africa (as defined by the African Union: https://au.int/en/member_states/countryprofiles2).</p> <p>Due to the scope of this topic, legal entities established in all member states of the African Union are exceptionally eligible for Union funding.</p> <p>International organisations with headquarters in a Member State or associated country are exceptionally eligible for funding.</p>	<p>RIA</p>	<p>06. Okt. 2021</p>
<p>HORIZON-CL6-2021-FARM2FORK-01-19: EU-China international cooperation on integrated pest management in agriculture</p>	<p>Due to the scope of this topic, international cooperation is strongly encouraged, in particular with China. This topic is envisaged to be implemented as a coordinated call but if no agreement is reached with the Ministry of Science and Technology China (MOST) on the co-funding of Chinese partners, it will be implemented as a normal call. Updates will be published on the Funding & Tenders Portal.</p> <p><u>Procedure as in General Annex F - exceptions:</u> Grants awarded under this topic will be coordinated with the Ministry of Science and Technology, China (MOST).</p> <p><u>Legal and financial set-up of the Grant Agreements as in General Annex G - exceptions:</u> Grants awarded under this topic will be linked to the specific grants awarded by the Ministry of Science and Technology, China (MOST) to the Chinese partners.</p>	<p>RIA</p>	<p>06. Okt. 2021</p>
<p>HORIZON-CL6-2022-FARM2FORK-01-05: Integrated and sustainable freshwater bioeconomy: Combining aquaculture, biodiversity preservation, biotechnology and other uses</p>	<p>International co-operation with partners from non-associated third countries is strongly encouraged as a win-win scenario, while contributing to the European competitiveness and resilience.</p>	<p>RIA</p>	<p>15. Feb. 2022</p>
<p>HORIZON-CL6-2022-FARM2FORK-01-06: Biosecurity, hygiene, disease prevention and animal welfare in aquaculture</p>	<p>International co-operation with partners from non-associated third countries is strongly encouraged as a win-win scenario, while contributing to the European competitiveness and resilience.</p>	<p>RIA</p>	<p>15. Feb. 2022</p>

<p>HORIZON-CL6-2022-FARM2FORK-01-07: Building alternative protein-friendly sustainable and healthy food environments</p>	<p>Proposals should also promote international cooperation.</p>	<p>IA</p>	<p>15. Feb. 2022</p>
<p>HORIZON-CL6-2022-FARM2FORK-01-09: Microbiomes in food production systems</p>	<p>Seek international cooperation (such as with the International Bioeconomy Forum, the 'one planet sustainable food systems' programme, etc.), along with early and wide communication of microbiome science and applications.</p> <p><u>"Eligibility conditions" as in General Annex B - exceptions:</u> International organisations with headquarters in a Member State or associated country are exceptionally eligible for funding.</p>	<p>RIA</p>	<p>15. Feb. 2022</p>
<p>HORIZON-CL6-2022-FARM2FORK-01-12: Agro-ecological approaches in African agriculture systems</p>	<p>The EU's relationship with Africa is a key priority for the EU.</p> <p><u>"Eligibility conditions" as in General Annex B - exceptions:</u> Due to the scope of this topic, legal entities established in all member states of the African Union are exceptionally eligible for Union funding.</p> <p><u>"Eligibility conditions" as in General Annex B - additional eligibility criteria apply:</u> Due to the specific challenge of this topic, in addition to the minimum number of participants set out in the General Annexes, consortia must include at least eight independent legal entities established in Africa. The places of establishment of at least five of these legal entities must be in the same geographical region of Africa (as defined by the African Union: https://au.int/en/member_states/countryprofiles2).</p> <p>International organisations with headquarters in a Member State or associated country are exceptionally eligible for funding.</p> <p><u>Procedure as in General Annex F - exceptions:</u> To ensure a balanced portfolio covering the agro-geographical regions of Africa, grants will be awarded to applications not only in order of ranking but at least also to one project per geographical region that is the highest ranked, provided that the applications attain all thresholds.</p>	<p>RIA</p>	<p>15. Feb. 2022</p>

<p>HORIZON-CL6-2022-FARM2FORK-01-13: AU-EU Combatting all forms of malnutrition</p>	<p>In line with the European Green Deal priorities and the farm to fork strategy for a fair, healthy and environmentally friendly food system, as well as with the EU's climate objectives for 2030 and 2050, the EU's "Comprehensive Strategy with Africa" calls for the EU to "partner with Africa to maximise the benefits of the green transition and minimise threats to the environment". It states that: "The EU and Africa must join efforts to reach the Sustainable Development Goal of zero hunger and address the challenges of nutrition and food security by boosting safe and sustainable agri-food systems."</p> <p><u>"Eligibility conditions" as in General Annex B - additional eligibility criteria apply:</u> Due to the specific challenge of this topic, in addition to the minimum number of participants set out in the General Annexes, consortia must include at least five independent legal entities established in Africa. The places of establishment of these legal entities must cover at least three different specific regions in Africa (as defined by the African Union: https://au.int/en/member_states/countryprofiles2).</p> <p>Due to the scope of this topic, legal entities established in all member states of the African Union are exceptionally eligible for Union funding.</p>	<p>RIA</p>	<p>15. Feb. 2022</p>
<p>HORIZON-CL6-2022-FARM2FORK-01-14: African food cities</p>	<p>In line with the European Green Deal priorities and the farm to fork strategy for a fair healthy and environmentally friendly food system, as well as with the EU's climate objectives for 2030 and 2050, the EU's "Comprehensive Strategy with Africa" calls on the EU to "partner with Africa to maximise the benefits of the green transition and minimise threats to the environment".</p> <p><u>"Eligibility conditions" as in General Annex B - additional eligibility criteria apply:</u> Due to the specific challenge of this topic, in addition to the minimum number of participants set out in the General Annexes, consortia must include at least five independent legal entities established in Africa. The places of establishment of these legal entities must cover at least three different specific regions in Africa (as defined by the African Union: https://au.int/en/member_states/countryprofiles2).</p> <p>Due to the scope of this topic, legal entities established in all member states of the African Union are exceptionally eligible for Union funding.</p>	<p>RIA</p>	<p>15. Feb. 2022</p>

HORIZON-CL6-2022-FARM2FORK-01-15 : Support for international research on infectious animal diseases	These global threats, the diversity of pathogens and livestock species and the scarce resources available for animal health research make the case for international cooperation on priority diseases and issues , in order to expedite the development of better prevention and control methods, ensure the sustainability of livestock industries and protect human health and the environment. This initiative should consolidate and deepen international research cooperation in the area of infectious animal diseases and related issues such as anti-microbial resistance . <u>“Eligibility conditions” as in General Annex B - exceptions</u> : Legal entities established in non-associated third countries may exceptionally participate in this Coordination and support action. International organisations with headquarters in a Member State or associated country are exceptionally eligible for funding.	CSA	15. Feb. 2022
HORIZON-CL6-2022-FARM2FORK-02-02-two-stage : Emerging and future risks to plant health	International cooperation with countries affected or threatened by the same pest(s) is strongly encouraged.	RIA	15. Feb. 2022 (1) 06. Sep. 2022 (2)
HORIZON-CL6-2022-FARM2FORK-02-03-two-stage : Ecology of infectious animal diseases	International research cooperation with non-EU countries where selected diseases are endemic is encouraged to maximise the impact.	RIA	15. Feb. 2022 (1) 06. Sep. 2022 (2)
HORIZON-CL6-2022-FARM2FORK-02-05-two-stage : Innovative food from marine and freshwater ecosystems	International co-operation with partners from non-associated third countries is strongly encouraged as a win-win scenario, while contributing to the European competitiveness and resilience.	IA	15. Feb. 2022 (1) 06. Sep. 2022 (2)
Call - Circular economy and bioeconomy sectors (Destination 3)			
Topic	Internationale Kooperation (Kontext)	Instrument	Frist
HORIZON-CL6-2021-CIRCBIO-01-06 : Contained biomass solutions for sustainable and zero-Indirect Land Use Change (ILUC) production systems for high value applications	International cooperation is encouraged, to allow the exchange of best practice, while ensuring win-win scenarios and contributing to European competitiveness.	IA	06. Okt. 2021
HORIZON-CL6-2021-CIRCBIO-01-07 : Microbiomes for bio-based innovation and environmental applications	International cooperation is encouraged, as it can contribute to European competitiveness and resilience.	IA	06. Okt. 2021
HORIZON-CL6-2022-CIRCBIO-01-02 : Marginal lands and climate-resilient and biodiversity-friendly crops for sustainable industrial feedstocks and related value chains	International cooperation is encouraged to allow the exchange of best practice while ensuring win-win scenarios and contributing to European competitiveness.	IA	15. Feb. 2022

HORIZON-CL6-2022-CIRCBIO-01-05 : EU-China international cooperation on unlocking the potential of agricultural residues and wastes for circular and sustainable bio-based solutions	Due to the scope of this topic, international cooperation is strongly encouraged, in particular with China . This topic is envisaged to be implemented as a coordinated call but if no agreement is reached with the Ministry of Science and Technology China (MOST) on the co-funding of Chinese partners, it will be implemented as a normal call. Updates will be published on the Funding & Tenders Portal. <u>Procedure as in General Annex F - exceptions</u> : Grants awarded under this topic will be coordinated with the Ministry of Science and Technology, China (MOST). <u>Legal and financial set-up of the Grant Agreements as in General Annex G - exceptions</u> : Grants awarded under this topic will be linked to the specific grants awarded by the Ministry of Science and Technology, China (MOST) to the Chinese partners.	RIA	15. Feb. 2022
HORIZON-CL6-2022-CIRCBIO-01-07 : Marine microbiome for a healthy ocean and a sustainable blue bioeconomy	International co-operation is strongly encouraged as a win-win scenario, while contributing to the European competitiveness and resilience.	RIA	15. Feb. 2022
HORIZON-CL6-2022-CIRCBIO-02-02-two-stage : Exploring extreme environments: novel adaptation strategies at molecular level for bio-based innovation	International cooperation is strongly encouraged to maximise the impact.	RIA	15. Feb. 2022 (1) 01. Sep. 2022 (2)
HORIZON-CL6-2022-CIRCBIO-02-04-two-stage : Photosynthesis revisited: climate emergency, “no pollution and zero-emission” challenge and industrial application	International cooperation is strongly encouraged to allow the exchange of best practices while ensuring win-win scenarios and contributing to European competitiveness.	RIA	15. Feb. 2022 (1) 01. Sep. 2022 (2)
Call - Clean environment and zero pollution (Destination 4)			
Topic	Internationale Kooperation (Kontext)	Instrument	Frist
HORIZON-CL6-2021-ZEROPOLLUTION-01-07 : International and EU sustainability certification schemes for bio-based systems	Engage in cooperation with international partners and organisations, to increase impact and outreach, while ensuring sufficient focus on the EU’s situation. Proposals’ consortia may include, but not be limited to, experts in certification schemes and stakeholders of the international and EU trade of biomass resources and bio-based materials and products.	CSA	06. Okt. 2021
HORIZON-CL6-2021-ZEROPOLLUTION-01-08 : New genomic techniques (NGT): understanding benefits and risks – focus on bio-based innovation	International cooperation is strongly encouraged, to exchange best practice, while contributing to the European competitiveness.	RIA	06. Okt. 2021

HORIZON-CL6-2022-ZEROPOLLUTION-01-03 : EU-China international cooperation on nature-based solutions for nutrient management in agriculture	<p>Due to the scope of this topic, international cooperation is strongly encouraged, in particular with China. This topic is envisaged to be implemented as a coordinated call but if no agreement is reached with the Ministry of Science and Technology China (MOST) on the co-funding of Chinese partners, it will be implemented as a normal call. Updates will be published on the Funding & Tenders Portal.</p> <p><u>Procedure as in General Annex F - exceptions</u>: Grants awarded under this topic will be coordinated with the Ministry of Science and Technology, China (MOST).</p> <p><u>Legal and financial set-up of the Grant Agreements as in General Annex G - exceptions</u>: Grants awarded under this topic will be linked to the specific grants awarded by the Ministry of Science and Technology, China (MOST) to the Chinese partners.</p>	IA	15. Feb. 2022
Call - Land, ocean and water for climate action (Destination 5)			
Topic	Internationale Kooperation (Kontext)	Instrument	Frist
HORIZON-CL6-2021-CLIMATE-01-03 : Key oceanic and polar processes driving regional & global climate change	For both options, international cooperation is strongly encouraged, with a strong linkage with the ongoing activities under the All-Atlantic Ocean Research Alliance , with participation from bordering countries and countries – beyond the EU Member States and countries associated to Horizon Europe – that took part in the Arctic Science Ministerial .	RIA	06. Okt. 2021
HORIZON-CL6-2021-CLIMATE-01-07 : International Research Consortium on (agricultural) soil carbon	International research cooperation is needed to pool resources and scale up efforts for monitoring soil carbon stock changes, remote sensing and modelling . <u>“Eligibility conditions” as in General Annex B - exceptions</u> : International organisations with headquarters in a Member State or associated country are exceptionally eligible for funding. Legal entities established in non-associated third countries may exceptionally participate in this Coordination and support action.	RIA	06. Okt. 2021
HORIZON-CL6-2021-CLIMATE-01-08 : Agroforestry to meet climate, biodiversity and farming sustainability goals	In order to achieve the expected outcomes, international cooperation is strongly encouraged.	RIA	06. Okt. 2021
HORIZON-CL6-2021-CLIMATE-01-10 : EU-China international cooperation on increasing the resilience of forests	Due to the scope of this topic, international cooperation is strongly encouraged, in particular with China . This topic is envisaged to be implemented as a coordinated call but if no agreement is reached with the Ministry of Science and Technology China (MOST) on the co-funding of Chinese partners, it will be implemented as a normal call. Updates will be published on the Funding & Tenders Portal.	RIA	06. Okt. 2021

HORIZON-CL6-2022-CLIMATE-01-01 : Climate sensitive water allocation systems and economic instruments.	International cooperation with non-associated third countries with transboundary rivers is encouraged.	IA	15. Feb. 2022
HORIZON-CL6-2022-CLIMATE-01-02 : Understanding the oceanic carbon cycle	International cooperation is strongly encouraged.	RIA	15. Feb. 2022
HORIZON-CL6-2022-CLIMATE-01-05 : Forestry - European observatory of climate change impacts and demonstration network of climate smart restoration pilots	In order to achieve the expected outcomes, international cooperation is strongly encouraged.	RIA	15. Feb. 2022
Call - Resilient, inclusive, healthy and green rural, coastal and urban communities (Destination 6)			
Topic	Internationale Kooperation (Kontext)	Instrument	Frist
HORIZON-CL6-2021-COMMUNITIES-01-02 : Expertise and training centre on rural innovation	They should engage with international partners, including relevant international organisations (e.g. FAO, OECD) and partners in priority regions of the world for EU international cooperation on rural development (e.g. Africa) or with outstanding expertise in rural development, on resources to support the sustainable development of rural communities. Proposals may include partners from these countries in capacity building activities. "Eligibility conditions" as in General Annex B - exceptions: Due to the scope of this topic, legal entities established in all member states of the African Union are exceptionally eligible for Union funding. Legal entities established in non-associated third countries may exceptionally participate in this Coordination and support action.	CSA	06. Okt. 2021
HORIZON-CL6-2021-COMMUNITIES-01-04 : Socio-economic empowerment of the users of the sea	Activities should cover diverse types of coastal areas across the EU and Associated Countries and non-European (Black Sea and Mediterranean) countries . In line with the objectives of the EU Global Approach to Research and Innovation ^[1] , proposals are strongly encouraged to include third country participants, especially those established in Black Sea and Mediterranean countries . ^[1] Communication from the Commission to the European Parliament, the Council, the European Economic and Social Committee and the Committee of the Regions on the Global Approach to Research and Innovation. Europe's strategy for international cooperation in a changing world .	RIA	06. Okt. 2021
HORIZON-CL6-2022-COMMUNITIES-01-05 : Assessing the socio-politics of nature-based solutions for more inclusive and resilient communities	In order to achieve the expected outcomes, international cooperation is strongly encouraged, in particular with the Latin American and Caribbean (LAC) region and the USA .	RIA	15. Feb. 2022

HORIZON-CL6-2022-COMMUNITIES-02-02-two-stage : Developing nature-based therapy for health and well-being	In order to achieve the expected outcomes, international cooperation is strongly encouraged, in particular with the USA, Japan and the Latin American and Caribbean (LAC) region .	RIA	15. Feb. 2022 (1) 06. Sep. 2022 (2)
Call - Innovative governance, environmental observations and digital solutions in support of the Green Deal (Destination 7)			
Topic	Internationale Kooperation (Kontext)	Instrument	Frist
HORIZON-CL6-2021-GOVERNANCE-01-14 : User-oriented solutions building on environmental observation to monitor critical ecosystems and biodiversity loss and vulnerability in the European Union	(Note: International cooperation is only tagged under "Cross-cutting Priorities" at the bottom of the topic description, but not listed therein → see F&T Portal, link in Topic-ID in left column.)	RIA	06. Okt. 2021
HORIZON-CL6-2021-GOVERNANCE-01-16 : Tools to support the uptake and accessibility/exploitability of environmental observation information at European and global level	(Note: International cooperation is only tagged under "Cross-cutting Priorities" at the bottom of the topic description, but not listed therein → see F&T Portal, link in Topic-ID in left column.)	IA	06. Okt. 2021
HORIZON-CL6-2021-GOVERNANCE-01-17 : Common European Green Deal data space to provide more accessible and exploitable environmental observation data in support of the European Green Deal priority actions	(Note: International cooperation is only tagged under "Cross-cutting Priorities" at the bottom of the topic description, but not listed therein → see F&T Portal, link in Topic-ID in left column.)	IA	06. Okt. 2021
HORIZON-CL6-2022-GOVERNANCE-01-07 : New technologies for acquiring in-situ observation datasets to address climate change effects	(Note: International cooperation is only tagged under "Cross-cutting Priorities" at the bottom of the topic description, but not listed therein → see F&T Portal, link in Topic-ID in left column.)	IA	15. Feb. 2022
